

UPES is a university rooted in its environment. Since its inception, it has been able to build a strong ambition to meet the missions entrusted to it and work for a continuous progression in its university curriculum in order to meet the needs of its socio-economic partners

UPES is committed to mobilizing all its resources to implement its quality policy to contribute to:

- Ensure fairness and equal treatment of all its students and staff. The university fights against all forms of discrimination.
- Protect the personal and intellectual data of its students, staff and partners. The university implements strict security measures to protect this data.
- Prevent fraudulent practices, such as plagiarism and exam fraud. The university is putting in place measures to prevent and punish these practices.
- Improve the employability of its graduates by providing them with quality training, preparing them for the challenges of the labor market and promoting their integration into the labor market.

Societal responsibility is at the heart of UPES' mission. The university is committed to contributing to Tunisia's socio-economic development, promoting diversity and inclusion, and protecting the environment.

UPES quality policy aims to achieve the following objectives:

1. Deliver high-quality, attractive and innovative technology training, while encouraging excellence in curriculum design and delivery
2. Developing educational innovation and the use of technology platforms
3. Push towards excellence in research and its exploitation in response to national and international scientific challenges
4. Strengthen the visibility of the school and its relationship with its socio-economic environment
5. Improve internal and external satisfaction through the implementation of a listening and evaluation process
6. Implement an SMOE Quality Management System in accordance with ISO-21001:2018 that ensures impartiality, transparency, equality and fairness and efficiency in the achievement of the university's mission.

The success of the UPES quality policy depends on the active participation of the entire academic community. Students, staff and partners of UPES are invited to get involved in the quality process and to share their suggestion.
